

ZWALUW PU 50 FC WHITE
Revision Number 1.04

Revision date 19-Feb-2026
Supersedes date 08-Feb-2026

European Union

Registration, Evaluation, Authorisation, and Restriction of Chemicals (REACH) Regulation (EC 1907/2006)

SVHC: Substances of Very High Concern for Authorisation:

This product does not contain candidate substances of very high concern at a concentration $\geq 0.1\%$ (Regulation (EC) No. 1907/2006 (REACH), Article 59)

Effective date 04/02/2026 (DD/MM/YYYY)

This document reflects all substances present on the Candidate list of substances for authorisation as per the date of issue of this document. Should the SVHC status of one of our products change, Bostik will comply with their communication responsibility according to the REACH Regulation by updating SDS which is distributed to customers who have purchased within previous 365 days.

Bostik is fully aware of its obligations towards the registration of concerned Articles in SCIP Database (Substances of Concern In articles as such or in complex objects (Products)) established under the Waste Framework Directive (WFD). This product is not in scope of SCIP requirements as it is considered chemical product and not article therefore there will be no obligations under SCIP based on the above.

European Parliament and Council Directive 94/62/EC of 20 December 1994 on packaging and packaging waste

The sum of heavy metals (lead, cadmium, mercury and hexavalent chromium) does not exceed 100ppm based on data from our suppliers. Please note that we do not measure the heavy metal content in this product. This document is based on the information given to us by our own suppliers at the date of this document.

REGULATION (EU) 2019/1148 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 20 June 2019 on the marketing and use of explosives precursors

Not applicable.

Regulations on drug precursors (EC) No 111/2005 (export) and 273/2004 (internal trade)

This product does not contain any substance(s) which are regulated pursuant to the EU regulations on drug precursors [(EC) No. 111/2005 and (EC) No. 273/2004] above levels that can be easily used or extracted by readily applicable or economically viable means.

Directive 2011/65/EU (EU RoHS 2), as amended by the Delegated Directive (EU) 2015/863 (EU RoHS 3)

This product does not contain Lead, Cadmium, Mercury, Hexavalent chromium, Polybrominated biphenyls (PBB), Polybrominated diphenyl ethers (PBDE), Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP) and Diisobutyl phthalate (DIBP) above the regulated limit mentioned in this regulation. This document is based on the information given to us by our own suppliers at the date of this document.

Export Notification requirements

This product does not contain substances which are regulated pursuant to Regulation (EC) No. 649/2012 of the European parliament and of the council concerning the export and import of dangerous chemicals above the level that triggers a labeling obligation under Regulation (EC) No 1272/2008. Therefore this product is not subject to prior informed consent notification.

2017/821/EU Conflict Minerals

Regulation (EU) 2017/821 of 17 May 2017 concerning minerals originating from conflict-affected and high-risk areas entered into full force on 1st January 2021.

Bostik certifies that we do not intentionally add minerals (tin, tantalum, tungsten, gold, or their derivatives) coming from these areas for the manufacturing of this product.

Additionally, to the best of our knowledge and based on the information given to us by our raw material suppliers, these minerals or their derivatives are not present in the raw materials we buy.

United States of America**California Proposition 65**

Effective date 05/12/2025 (DD/MM/YYYY)

This product contains one or more of the substances listed on Proposition 65 at or above 0.0001 wt. %.

Chemical name	California Proposition 65
Titanium dioxide 13463-67-7	Carcinogen
m-tolylidene diisocyanate 26471-62-5	Carcinogen
Toluene 108-88-3	Developmental
Cumene 98-82-8	Carcinogen
Titanium dioxide 13463-67-7	Carcinogen
Methyl alcohol 67-56-1	Developmental

CONEG

Heavy metal compounds (cadmium, chromium, mercury and lead) are not known or expected to be present in the above-mentioned product ≥ 100 ppm. Therefore, there is no objection to use this product in the manufacture of packaging materials intended to be covered by CONEG standard. This document is based on the information given to us by our own suppliers at the date of this document.

Conflict Minerals Disclosure

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2012, Section 1502, allows the Securities and Exchange Commission (SEC) to impose reporting requirements upon U.S. and certain foreign manufacturers if their products contain metals derived from "Conflict Minerals" – tin, tantalum, tungsten, gold, or their derivatives; or any other mineral or its derivatives determined by the U.S. Secretary of State – originating from the Democratic Republic of the Congo (DRC) and adjoining countries. As part of Arkema, Bostik is not required to make disclosures under the Act, and we do not directly purchase "conflict minerals" as identified by the SEC. Bostik is however committed to responsible sourcing and to assisting our customers in their compliance with the Act. Bostik will take proper steps to switch to conflict-free materials if at any point we become aware of non-conflict-free materials within our supply chain.

Substance related information**Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS)**

Bostik hereby certifies that, to the best of our knowledge, we do not intentionally add any Per- and polyfluorinated alkyl substances PFAS (specific PFCAs (C9-C20), Perfluorooctanoic acid (PFOA, CAS 335-67-1), Perfluorooctane Sulfonate (PFOS) and other fluorinated substances) for the manufacturing of this product.

Further information**Additional information**

Where relevant, the SDS will provide information on topics such as:

EU - REACH (1907/2006) - Annex XIV - List of substances subject to Authorization

EU - REACH (1907/2006) - Annex XVII - Restrictions on Certain Dangerous Substances

Endocrine disrupting potential

Information on long-term effects of exposure (e.g. reproductive toxicity, carcinogenicity, mutagenicity, cumulative and other chronic effects)

Advice on safe handling

Ozone-depleting substances (ODS) regulation (EC) 2024/590

Persistent Organic Pollutants

Disclaimer

This document is intended to answer commonly asked regulatory questions and is not intended to cover all the regulations that might apply globally to the above mentioned product.

This information in this document is given to the best of our knowledge and is subject to change and correction.

This document is based on the information given to us by our own suppliers at the date of this document.
